2023 EDGE CHAMPIONS FOR AFRICA AWARDS

Centum RE has received the prestigious 2023 EDGE Champion recognition from the International Finance Corporation (IFC), the private sector arm of the World Bank. This accolade is a testament to our unwavering commitment to certifying 100% of our portfolio with the EDGE Certification, reflecting our dedication to fostering decarbonization in the built environment within Kenya and Uganda. The honor was bestowed upon us during the recent API summit in Johannesburg, where we were recognized as the 2023 EDGE Champions for Africa. This award signifies our strong resolve to develop sustainable, certified green projects and to transform green sites into vibrant urban centers, offering investors above-market returns. .

Pearl Marina Estate

Set on **389 acres** at **Entebbe**, Uganda, with over 3km of lake frontage, the Pearl Marina estate comprises of various residential units; villas, bungalows, townhouses and apartments costing from **USD 42,000 to USD 330,000**.

Vipingo Development

Vipingo Development is a modern mixed use development located at the **Kenyan Coast** on over **10,254 acres**, supported by an urban environment, high quality infrastructure and state of the art amenities and services. The development comprises of residential, land and industrial investment opportunities costing from **KES 2.45 Million**.

What Does the Gazettement of Two Rivers as a Private Services-Focused Special Economic Zone (SEZ) Mean for Residential Investments Within the Development?

64 acres of the 106-acre Two Rivers development was Gazetted by the CS Ministry of Trade and Investment (on 14th June 2023) as a special economic zone targeting private service businesses.

This 64-acre territory is what has been zoned and named the “Two Rivers International Finance and Innovation Centre (TRIFIC)”

Private services-focused special economic zone (SEZ) targets businesses that render services, and such are required to apply to the SEZ authority (through Centum one-stop center- y.mega@trific.co.ke) to be approved as eligible enterprises under the SEZ regulations. Once approved, the firms can establish their operating base within TRIFIC and enjoy the fiscal and enterprise facilitation incentives available to SEZ firms. Global, regional, and local service businesses targeted include but are not limited to BPOs, Tech firms, financial institutions, professional services providers, accounting firms, NGOs, media and entertainment firms, international law firms, hospitality, and healthcare.

What Does This Mean for Residential Investors Within Two Rivers?

With the gazettelement and establishment of TRIFIC, and as more SEZ-approved enterprises move to take up commercial spaces, we expect the number of local and expatriate staff working within the development to go up. With the concept of live, work, shop, and play already established within the Two Rivers ecosystem, a large percentage of this workforce will choose to stay within the development to cut their commute time and enjoy the convenience and superior amenities available. This will likely lead to:

- High demand for rental units across the board ranging from high-end, mid-market, and affordable housing.
- Increased likelihood of earning dollar-denominated rental income as global firms that pay their staff in USD seek to establish within the TRIFIC.
- Above market rental yield (double digit) as demand for rental units gradually increases.
- Increased value of the residential homes (capital appreciation).
- Increased selling price for the homes in the construction pipeline.

How Can Our Residential Investors Take Advantage of This Opportunity?

- Refer potential clients to Centum RE (via email at sales@tworivers.co.ke) and have 1% of the sales value credited to your current house to reduce your outstanding balance or pay for your closing costs or service charges.
- Where possible (buy more houses) within Two Rivers in anticipation of the operationalization of TRIFIC for the below reasons:
 - R Passive rental income.
 - For resale in the open market later, to cash in significant value appreciation

- ★ Refer a customer to us and earn a 1% discount of the sales value
- ★ Applicable to existing customers referring new clients only

KENYA MORTGAGE REFINANCE CORPORATION

The Kenya Mortgage Refinance Company (KMRC) is a financial institution in Kenya that specializes in lending to Primary Mortgage Lenders (PMLs) such as banks, microfinance institutions and Savings and Credit Cooperatives (SACCOs) for onward lending to potential homeowners.

Its main aim is to increase home ownership through issuance of affordable mortgages.

KMRC has two main types of products, they include:

1. Affordable Housing Loans: These are loans that are extended to Primary Mortgage Lenders (PML) to refinance mortgage loans capped at Kshs 8M for Nairobi Metropolitan Area (Nairobi, Kiambu, and Machakos & Kajiado) and Kshs 5M elsewhere, at single digit interest rate to individual borrowers whose monthly income is not more than Kshs 150,000.
2. Market Housing Loans: These are loans that are extended to Primary Mortgage Lenders to re-finance mortgage loans above the affordable housing loans threshold. The market housing loans have a limit of above Kshs 4.0 mn and will be issued at interests determined by the average market rates.

The applicable terms and conditions for the above loans include:

1. The properties eligible must be a residential unit meant for occupation by the owners or immediate family of the occupants,
2. The loans are eligible for both self-employed individuals and the employed,
3. The loan to value (LTV) ratio of all the eligible properties is up to 90.0% of the value of the properties, and this implies that a minimum deposit rate of 10.0% is required to be eligible for the loans,
4. The payment terms of the mortgage loans are fixed for 25 years for both the salaried and the non-salaried applicants, and,
5. The properties that qualify for financing needs to be valued for purposes of giving a quotation before the loan is approved
